

HIGHRISE™

Standard Unit

Unit without roof

Perspective View

HIGHRISE™

The HIGHRISE™ offers comfort, privacy and greater mobility at a time when construction companies are interested in all three.

The HIGHRISE™ has an internal urinal and optional retractable roof, offering users complete privacy. More and more, companies want this option and now you can provide it.

Moving a restroom from floor to floor has always been a challenge, until now. With a retractable roof and sealed, greaseable rollers, the HIGHRISE™ will fit easily into a freight elevator and roll through the worst dust.

Have the HIGHRISE™ in your fleet and a whole new market will open up to you.

Why choose for the HIGHRISE™?

- Fits through standard door opening of a freight elevator
- Durable, galvanized reinforced frame
- Optional pop-up roof
- High quality, sealed roller casters
- Enclosed urinal and seat area
- Vented waste tank
- Optional lift system
- Strong, one-piece galvanized bottom frame & floor
- High quality, sealed, 15 cm greaseable roller casters
- Proven technology door spring and latch system
- Four easy-to-grasp hand holds
- Stainless steel hasps
