

NEWLY REDESIGNED

RUGGED AND COMPACT

Handiwash™ is a rugged, dual-station washing unit that performs when you need tough, dependable equipment. Redesigned with two twenty gallon tubs for better service, the Handiwash™ provides more than 300 washes and is manufactured from incredibly strong polyethylene for longer life.

Handiwash™ has a distinct advantage over other wash stations because it is sized to fit inside most

portable restrooms, giving you tremendous savings when hauling equipment. Reduce your trips and maintain your service with this unique wash station.

Paper Towels	1,100, 550 per station	
Soap Capacity	in excess of four pumps per wash (1200+)	

Twin Twenty-gallon Tubs

The newly designed Handiwash™ has two twenty-gallon tubs for holding fresh and gray water. These tubs are made from thick polyethylene that is puncture resistant and built for a lifetime of use. The tubs are removable for quick service and cleaning as needed.

Delivers 300 Separate Washes

Handiwash™ dispenses 300, 8 1/2" ounce washes from its unique delayed action, metered reservoir. Water is dispensed for 30-40 seconds, which allows users to wash both hands at once without needing to touch the pump when finished and ensures water is not wasted.

Vandal Resistant & Compact

All components of the Handiwash™ are well protected inside the hood of the unit. The water pump, soap dispenser, and towel dispenser are internally mounted to protect against vandalism. It also has a wide base for added stability and is designed with a low center of gravity.
