MAXIM 3000 LUXURY EVENT TOILET

FRESH WATER FOOT FLUSHING

Take your event up-market with the all-new MAXIM 3000 **NEW for 2009!**
Event Toilet with foot operated fresh water flushing and stainless steel bowl.

FRESH WATER FLUSHING: Nothing is worse than having to make extra service calls for a toilet in desrepair, which is why Satellite-Thal is the first to introduce a commercial quality stainless steel fresh water flush bowl with the toughest made mounting and plumbing system to keep this flush system in operation and looking new for ages.

- Polished stainless steel finish keeps bowl cleaner
- Easy-access, fresh water fill point
- Fresh Water foot-activated pump provides a hands-free experience for user
- Reinforced, highly durable flush mounting system with no exposed plumbing takes the punishment of high volume use

Rear fresh water filler & tank drain plug

Stainless steel bowl & freshwater foot flush

Sleek clean lines & no gaps around the tank's base for debris

- Large tank capacity accomodates up to 229 uses under average conditions
- Fresh Water Holding Tank Volume = 72 Litres
- Flush per stroke/press volume = 160ml
- Dry weight = 101kg
