## Special Event Costing

The completion of the Special Event Cost sheet for events requiring more than 10 units will give you the cost of doing the event plus an added gross margin. The figures shown are hypothetical and intended only to show how to develop and determine your cost. Additional costs or add-ons are the responsibility of your company.

Instructions for completing the Special Event worksheet as well as blank Special Event worksheets follow immediately after the completed example.

## SPECIAL EVENT COST SHEET

Service hrs. weekend days $=\#$ of trips $\underline{2 \times 1}$ hrs. per trip $\underline{4 \times \text { cost per hour } \underline{15.00} \quad=\$ \underline{120.00}}$

Deodorizer $=$ cost per service.$\underline{30} \mathrm{x} \#$ of services $\underline{3} \times \underline{36}$ units
$=\$ \underline{32.40}$

Toilet paper $=$ cost per roll $\underline{30} \times 2$ rolls $\times \underline{3}$ services $\times \underline{36}$ units
$=\$ \underline{64.80}$

Spice Spray $=$ cost per service $.10 \times$ \# of services $3 \times 36$ units_
$=\$ \underline{10.80}$

$$
\text { Cost }=\$ \underline{522.40}
$$

To Add $55 \%$ Gross Margin - $.45=\$ \underline{638.48}$

$$
\text { Total }=\$ \underline{1160.88}
$$

## INSTRUCTIONS

A. Fill out lines 1-4.
B. Line 5. Determine by customers needs, your experience and the use of the Special Event slide calculator.
C. Fill out lines 6-9.
D. Line 10. Determined by equipment available. Pick-up and deliver with the least amount of trips.
E. Line 11. P\&D and route truck costs per mile are developed over gross to one-year of history of actual operating costs. ie. fuel, tires, clutches, etc.
F. Fill out lines 12, 13, 14.
G. Line 15. P\&D mileage is the cost for the truck only.
H. Line 16. Service mileage is the cost for the service truck only.
I. Line 17. P\&D hours are weekly hours for the driver.
J. Line 18 P\&D hours is weekend hours for the driver.
K. Line 19. Service hours are hours for weekday driver only.
L. Line 20. Service hours are hours for weekend driver only.
M. Line 21, 22, 23 - expendable products. Remember you initial service when delivery is made.

At this time you can add up all your costs. This is what the event costs you. Do not go below this. To add a $55 \%$ gross margin divide by point 45 . This cost estimate sheet is only a guide to help you have a more profitable event.
